The supper, which was prepared by Miss Anna Brandt, the refined and accomplished daughter of Mr. and Mrs. Brandt, deserves great praise, as everything was selected with taste and of the choicest kind. Mrs. Spuck, who became a favorite of a number in this city, left for her home Wednesday morning. She received many handsome and valuable presents while here which were but minute tokens of the love she won while here. All hope she may soon return again.

NEW ENGLISH FASHIONS.

—Fur trimmed silk costumes are quite the most approved English style for the autumn. Furs will be worn earlier this season than usual.

—The fashion of wearing no jewels is, of course, English. There, it is the fashion to reserve the display of jewels for the evening.

—Slips of red morocco are an English fashion which is only the outgrowth of the English rage for "royal red" this season.

—A bright red veil is the most stylish of all the masks and is worn with every sort of colored head gear.

—Olive and white will continue to be a favorite combination, and London street costumes are shown in which these colors are successfully combined.

—A muffer of marabout feathers in some soft tint is the latest London wrap for the shoulders; it is fitted to the shoulders somewhat after the pattern of a fur pelerie.

—Cinnamon brown and white were seen in a late London importation, and very stylish it was. The petticoat or as much as was seen of it in the slashed side beneath was of white ladies cloth, embroidered in brown braid of the cinnamon shade, the overdress being in cinnamon colored broadcloth. A tall hat of brown felt with white ostrich plume was to be worn with it.

STYLES OF FALL BONNETS.

—White feathers and white pompons are shown in the greatest abundance.

—White wings will be very popular for young ladies on all sorts of walking and driving hats, but not upon dressy bonnets.

—There is but little change in the shapes of the small bonnets, the close bound style being given the preference over the peaked shapes.

—Pretty and becoming hats for fall wear are in two colors of straw braid, red being always one of the colors. These are trimmed in two colors of velvet or ribbon, to match the hat.

—Many colored bows of ribbon for hat trimmings is not very good taste and is now a fashion of the past although combinations of two colors are still seen on stylish hats and bonnets.

—The crowns are larger, which will permit the bonnets to sit further on the head. An immense amount of trimming is placed upon bonnets, some of them being nearly covered with various kinds of garniture.

—Ostrich feathers, in fact feathers of all kinds, are prominent. Out of one lot of thirty-six imported bonnets, there were but two without feathers of some kind, and more than three-fourths of these were ostrich feathers.

—A tall crowned hat with a half dozen to ten ostrich tips is the ambition of every stylish girl for the autumn. This large hat has proved itself immensely popular this season and will not be put by readily for any less becoming head gear.

—Golden rod is a favorite flower for the trimming of autumn hats and bonnets. A whole bonnet composed of this gorgeous flower was among the recent importations. The strings were of brown velvet and the effect was very pleasing and ladylike.

THE PROHIBITIONISTS.

Pettis County Prohibitionist Meet in Convention at the Court House.

Delegates Elected to the State Convention—A County Central Committee Selected.

Preparations for the State Convention and the Campaign Completed.

Pursuant to call the Pettis county prohibitionists yesterday met in county convention at the criminal court rooms. Temporary organization was effected by electing Prof. G. W. Ready chairman and Thomas Newton secretary.

A. D. Fisher read the two calls for a state convention to meet in Sedalia September 16, one being from the St. Louis committee and the other from the state committee which met in Kansas City August 20. He stated that the objects of the present convention were to select delegates to the state convention, elect a new county central committee and transact such other business as was necessary for preparing for the fall campaign.

On motion Messrs. A. Meyers, Jno. N. Corey, R. Ritter, A. Dow and B. G. Simonds were appointed a committee on permanent organization and order of business. The committee retired and soon returned with the following report which was unanimously adopted:

"Your committee on permanent organization and order of business respectfully recommend

First—That the temporary organization of this convention be made permanent.

Second—That the order of business be as follows:

First—The election of one delegate at large and one alternate delegate at large to the state convention.

Second—The election of five delegates and five alternate delegates to the state convention.

Third—The election of a county central committee to consist of one member from each township in the county and one member from each ward in the city of Sedalia.

Fourth—We further recommend that a committee of five be appointed on arrangements for the prohibition state convention to meet in Sedalia September 16th.

[Signed,] A. MEYERS, chairman, Jno. N. COREY, sec'y.

A. D. Fisher presented the following resolution:

Resolved, That the delegates elected by this meeting to attend the state convention of prohibitionists, to be held in this city on the 16th inst., be and they are hereby instructed to support and vote for the plan of work in the present campaign that was recommended at the state convention held in this city last February.

This proved a sort of a fire brand which called forth a long discussion which was engaged in by Messrs. Fisher and Sampson in support of the resolution and Messrs. Meyers, Dow, Cowan, Bruner and Riffe in opposition to the resolution. Rev. Dr. Bruner making a very lengthy speech against it.

Dr. Bruner moved that the delegates elected to the state convention be allowed to go uninstrued and to use their own discretion.

J. N. Corey offered the following as a substitute for both the resolution and Dr. Bruner's motion.

Resolved, That the delegates to the state convention be requested to consider themselves elected under the call of August 10th at Kansas City, and that they act with delegates from other places selected under the same call.

The resolution was accepted by both Messrs. Fisher and Dr. Dr. Bruner and their seconds.

Mr. Cowan moved that the resolution as substituted be laid on the table. Carried.

The election of delegates to the state convention being the next order of business, the following were placed in nomination as delegates at large: A. D. Fisher, G. W. Ready and A. Meyer.

First ballot—Fisher, 14; Ready, 13; Meyer, 7. No election.

On motion the rule was suspended and it was agreed that the candidate receiving the highest number of ballots on the next vote should be declared the delegate.

Second ballot—Fisher, 12; Meyers, 13; Ready, 9.

On motion J. W. Walker, colored, was elected alternate delegate at large by acclamation.

For delegates to the state convention the following were nominated: G. W. Ready, J. T. Cowan, R. Ritter, A. D. Fisher, B. F. Boller, A. Dow, B. G. Simonds, J. F. Bruner, M. Harter, J. Hargate, F. A. Sampson.

On motion it was agreed that the five candidates receiving the highest
